About the Grants Dashboard

The Grants Dashboard displays data on HRSA awarded grants between Fiscal Years 2013 – 2022 throughout the U.S. for the following program areas: Primary Care/Health Centers, Health Workforce Training, HIV/AIDS, Organ Donation, Maternal and Child Health, Rural Health, and other areas.

Grants Dashboard, Data Explorer, Data by Geography, Quick Maps, data.hrsa.gov (homepage), and Fact Sheets (PDF, Maps) use the same data to display HRSA grants information.

On this dashboard, you can:

- View summaries of the total funding amount, and the total number of awards and awardees by key program areas, HHS region, state/territory, county, and congressional district.
- Unique Awardees represents distinct grantee organizations funded by HRSA and its Key Programs for each Fiscal Year. An awardee could be awarded one or more grants from one or more programs in HRSA. The Total displayed on this dashboard for Unique Awardees across all key programs counts an awardee exactly one time without regard to the number of awards. See below:
