## **About the Health Center COVID-19 Operations Dashboard**

The Health Center COVID-19 Operations Dashboard provides summary data on health center virtual visits and COVID-19 vaccinations nationally and by state, territory, and freely associated state.

The dashboard is updated each week using data from the Health Center COVID-19 Survey and includes:

- Percentage of visits conducted virtually.
- Number and percentage of COVID-19 vaccinations initiated in patients.
- Number and percentage of COVID-19 vaccinations completed in patients.
- Number and percentage of COVID-19 vaccinations initiated in staff.
- Number and percentage of COVID-19 vaccinations completed in staff.
