About the Health Center COVID-19 Testing Dashboard

The Health Center COVID-19 Testing Dashboard provides a high-level view of total COVID-19 tests conducted and the distribution of positive COVID-19 tests.

On this dashboard, you can view:

- National counts for patients tested for COVID-19.
- Percentage of patients that have tested positive for COVID-19 by state.
- Percentage of patients that have tested positive for COVID-19 by race and ethnicity.

Note: The dashboard data is updated weekly using Health Center COVID-19 Survey data.
