About the Organ Donation and Transplantation Dashboard

The Organ Donation and Transplantation dashboard displays end of year data for patients on the national transplant waiting list, patients who received a transplant, and organ donations performed.

On this dashboard, you can:

- View end of year organ donation, transplantation, and national waiting list statistics
- View national level data across ten years to identify trends
- View geographic summaries by state/territory
- Filter data shown on maps and charts by calendar year, dataset type, and organ

Download source files and metadata: [CSV](#) | [XLSX](#) | [Metadata](#)

Notes:

1. There is suppressed data within the dashboard and data download files:
 - Counts that are less than ten on the geographic maps and bar charts are shown as <10.
 - Counts that are less than ten within the dashboard table are shown as zero.
 - Counts that are less than ten within the dashboard data download source files are tagged as suppressed data and are not associated to a state/territory.
2. The dashboard data is updated annually.
