About Health Care and Service Delivery Site Dashboard

The Health Care and Service Delivery Site Dashboard provides visualization of data pertaining to the location of sites that deliver services funded by or participating in HRSA related programs by state, county and congressional districts. The tool is utilized to examine the distribution of healthcare services and enhance program outreach across the country to improve access to healthcare.

With this dashboard users can search the following eight programs:

- Health Workforce Training Sites: Health Workforce Training Sites include clinical, experiential and didactic training sites associated with over 45 different BHW grantee programs.
- Nurse Corps Sites: Nurse Corps sites are health care sites approved by HRSA for participants in the Nurse Corps Scholarship or NHSC Loan Repayment Programs to carry out their service obligations.
- National Health Service Corps Sites: National Health Service Corps (NHSC) sites are health care sites approved by HRSA for participants in the NHSC Scholarship or NHSC Loan Repayment Programs to carry out their service obligations.
- Health Center Service Sites: Health Center Service Sites provide primary health care services and include sites approved for the Health Center Program (330) and the Look-Alike Program (LAL).
- Substance User Disorder Treatment and Recovery Sites: Substance Use Treatment and Recovery Program sites are health care sites approved by HRSA for participants in the Substance Use Disorder Treatment and Recovery Loan Repayment Program (STAR LRP) to carry out their service obligations.
- Ryan White HIV/AIDS Provider Sites: Sites that provide HIV related services.
- Office for the Advancement of Telehealth Sites: Office for the Advancement of Telehealth (OAT) sites represent 2 grant programs including 40 award recipients and their correlational network sites responsible for health care services delivery.
- Healthy Start Sites: Provide prenatal and postpartum healthcare services, group-based education, referral to social services, and community-driven approaches to improve health outcomes before, during, and after pregnancy to reduce racial/ethnic differences in rates of infant death and adverse perinatal outcomes.

On this dashboard, you can:

- View the breakdown of the six program categories by state and region on a map.
- Drill down by specific program categories and program names
- Generate Site Details table that can be filtered by:
 - State/territory, county, and congressional district (117th Congress)
 - Program Category
 - Program Name
 - Service Sites that share one or more program categories
 - Region
- Export the Site details data to Excel or CSV for further analysis

Frequency of data updates:

The data on this dashboard is updated daily with the exception for Nurse Corps Sites, National Health Service Corps and Substance Use Disorder Treatment and Recovery Loan Repayment Program Sites

where data is updated quarterly.
