

Data Refresh Schedule for Health Care and Service Delivery Dashboard

The Health Care and Service Delivery Dashboard displays and overlays data from multiple programs and sources. Each data source is refreshed in the dashboard according to the below timeline:

Data Source	Project Team	Schedule
Health Workforce Training Sites	BPMH	Daily
Nurse Corps Sites	BMISS	Twice Yearly*
National Health Service Corps Sites	BMISS	Twice Yearly*
Health Center Service Sites	BPHC	Daily
Substance User Disorder Treatment and Recovery Sites	BMISS	Twice Yearly*
Ryan White HIV/AIDS Provider Sites	HAB	Daily
Office for the Advancement of Telehealth Sites	OAT	Once Yearly*
Healthy Start Sites	MCHB	Once Yearly*

* Some data sources are updated less frequently as data is available. The schedule above presents the target data refresh cadence for these data sources; however, the timing of the updates is dependent on data availability.
