NOTES:

Note 1: In this listing, the term "independent state" refers to a people politically organized into a sovereign state with a definite territory recognized as independent by the US.

Note 2: Based on Federal Information Processing Standard (FIPS) 10-4 codes although modified.

Note 3: With the establishment of diplomatic relations with China on January 1, 1979, the US Government recognized the People's Republic of China as the sole legal government of China and acknowledged the Chinese position that there is only one China and that Taiwan is part of China.

Note 4: In 1950 the Israel Parliament proclaimed Jerusalem as the capital. The US, like most other countries that have Embassies in Israel, maintains its Embassy in Tel Aviv.

Note 5: The US view is that the Socialist Federal Republic of Yugoslavia has dissolved and no successor state represents its continuation. Serbia and Montenegro have asserted the formation of a joint independent state, but this entity has not been formally recognized as a state by the US.

Note 6: Claimed by both the Government of the People's Republic of China and the authorities on Taiwan. Administered by the authorities of Taiwan. (see note 3)
